GREATER NEWARK COMMUNITY ORGANIZATIONS *V.S.*

*FROM: William A. Mercer, BICC Coordinator
Vincent Biunno and Steve Duncan, Co-Chairmen
BICC Public Relations Committee

In order to foster greater communication throughout Newark, the following organizations have been listed to assist your group.

The first grouping is mainly Black organizations working in Newark. The second grouping tends to direct its activities toward the total community, Black and White, which includes some services to the suburban fringe areas popularly called Greater Newark.

Because this is a first attempt, many organizations will be left out, for which we apologize. We have deliberately left off numerous church groups, service clubs, social and fraternal organizations, and a good many of the traditional health and welfare agencies to keep the list within manageable bounds.

The BICC welcomes your suggestions, corrections, or additions to either list.
